

The \$10 Club

Saving the world, ten dollars at a time

2003

December 2003

12 Projects in 11 Countries

Dear Friends:

It gives me great pleasure and immense pride to present you with this modest Annual Report of the work that The \$10 Club has undertaken in the past year. I'm sure you will all agree that this has been a noble and worthwhile endeavor that has created great happiness and relief for those needy beneficiaries of your charitable participation.

My grandfather recently told me that when he put his \$10 in an envelope for December's donation he reread the November letter about the generator in Sierra Leone; at that moment he considered himself to be "really a part of something." I hope you all feel the same connection—you are part of something very special with vast potential.

So it is now incumbent upon us to take what we've built in 2003 and nourish its boundless growth in 2004 and beyond. We know that The \$10 Club works; what we don't yet know is how massive it can become!

What lies in store for us next year?

- The web site (www.thetendollarclub.org) will continue to be developed;
- A Paypal option will be added to facilitate electronic monthly contributions; and
- The \$10 Club will incorporate and file for 501(c)(3) status with the IRS.

The rest, to be honest, is up to you! Please continue sending in your \$10 each month. Help me swell our ranks; take a moment to send a short message to everyone you know inviting them to join and sharing the link to The \$10 Club website. This should guarantee we'll double our numbers much more often than once a year.

Perhaps you never even missed that ten dollars. On the other hand, perhaps you had to think of a specific sacrifice: forego a couple of lattes or a cd, watch tv instead of renting two movies, or choose one shirt instead of two. As a result you saved lives. You provided relief to those languishing in conditions the likes of which we will never experience. You brought smiles to strangers living thousands of miles away.

I look forward to sharing another successful year with you all. With immense gratitude for your faith and participation,

Adam M. Roberts

Can you afford to say yes to \$10 a month?

***The real question is:
Can you afford to say no?***
